

SWEEPERS

464 E

Main brush with special "V" shape, allows maximum performances of debris collection.

Self-levelling electronic system for an always perfect adherence between brush and floor.

Dust microfiltration up to 3 micron through special panel filter.

Great ease of manual discharge.

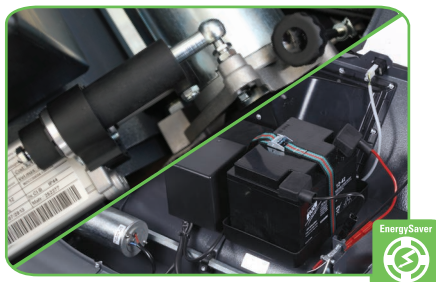

Easy to use thanks to intuitive commands.

Exclusive technologies and motorisations

Battery

Batteries with AGM technology which don't require maintenance. SLS System allows the minimum energy absorption thanks to constant adjustment to any kind of surface and to automatic regulation of brush pressure.

SSC - Carpet cleaning (standard)

System (*Soft Surface Cleaning*) that combines sweeping know how and carpet cleaning needs, offering important environmental and economic benefits.

- Extremely productive and silent
- It increases the time between periodic carpet cleaning

Automatic filter cleaning (standard)

Filter shaker with automatic option to be activated. The automatic filter shaker can be set up with intervals from a minimum of 1 minute up to a maximum of 8 minutes. The filter is cleaned 3 times for 5 seconds with 2 seconds interval.

SWEEPERS

Debris hopper of great capacity, easily removable for manual discharge operations.

Main brush and filter replacement without tools.

Pre-programmed working settings. 2 independent programs completely personalized allow best settings for all types of applications.

Handle adjustable at halfway heights. Easy to transport and store thanks to folding handle.

Chassis in fully coated steel, great quality motors, equipped with preventive protection systems.

Main technical characteristics

Power supply on different versions

- **Battery:** 12 V system

Traction

- **Battery:** pushed, as it is a very light product

Filtering system

- **Standard filter:** panel type

Other characteristics

- Polypropylene standard brushes
- Hour counter display
- Integrated on board battery charger
- External battery charger plug

Easy maintenance

Easy access to internal compartments and to all components simply removing front cover.

Control panel

Protected and waterproof controls, with hour counter and battery charge indicator.

| Code | Model | Sweeping width (mm) | Main brush width (mm) | Productivity (max speed) (m ² /h) | Waste hopper (l) | Filtering surface (m ²) | Power supply | Max speed (Km/h) | Weight net (Kg) | Dimensions (LxWxH) (mm) |
|-----------|-------|---------------------|-----------------------|--|------------------|-------------------------------------|-------------------|------------------|-----------------|-------------------------|
| 3.120.040 | 464 E | 625 | 460 | 2000 | 35 | 1 | 12 V - 31 Ah (C5) | - | 38 | 1033x615x994 |

Note : as standard supplied with battery (3.8006.BAAC00019)
